FROM:

[Redacted]

Chief, Real Estate & Construction Division, OL

SUBJECT: Responses to RECD Questionnaire

1. The following is a summary of the responses to the Real Estate & Construction Division Customer Survey Questionnaire. Twenty-nine surveys were sent out, and twenty-seven responses were received. While not all responders answered each and every question, the results can be considered a more than adequate sampling.

2. The narrative comments that were received are also included. While some comments are relevant, others appear to be short of facts. We can prepare our comments on these remarks, concerning our on-going efforts to address or resolve such issues, for your information if you so desire. We will also study all of the collected data to determine projected emphasis of resources in order to respond to the comments in component responses.
